DiSotto's Sorbets

DiSotto's award winning range of sorbets are made with selected fruits and are absolutely dairy free, the perfect accompaniment to every menu, a break between courses or a refreshing dessert in its own right.

“

Warm the scoop in a jug of clean warm water before using - this will create smooth ball and prevent sticking. Sorbet can also be balled in advance and stored back in the freezer to save time during service.

Charcuterie

Over 50 years of experience in food imports makes DiSotto Foods one of the leader in the food market. We describe ourselves as a full-service importer and distributor, offering restaurateurs a full suite of services from sales and marketing, through product research and logistics.

We are constantly broadening our range of products always with the intention to bring to the market "real" food, difficult to find nowadays in a market that is driven most of the times by costs and not by the real motive to provide good genuine food. In fact we select our partners by one motive alone, the passion for quality food. Our strength is our belief in providing not only a great customer service but the whole package of offering our products at competitive prices, a strong delivery service and courier service for the rest of the U.K., a passionate and experienced sales team and even our own development kitchen where you can study and program your next menu together with us.

Sant' Alessandro

The secret of "Prosciutto Sant' Alessandro" is a combination of two ingredients: skilled artisans select meats and processing methods that respect the tradition of "Prosciutto di Parma". The delicate salting and seasoning in traditional cellars, with controlled humidity and temperature, give the product a unique sweetness and aroma!

Menu Service, NPD Bespoke Opportunities

DiSotto are pleased to be able to offer a bespoke Menu Design Service where your own personal menu can be created with your selection of products/pricing and incorporating your business's identity.

Bespoke Opportunities

Our state of the art production facility & development kitchen has given us the capacity to produce our ice cream, frozen yoghurt and sorbets on a larger scale enabling us to work closely with our customers on all levels by working together with our New Product Development Team. We are proud to offer a bespoke service to any existing or potential customer in order to satisfy any requirements and also to work with you offering our expertise wherever we can.

We can even add your homemade desserts, beverages and liqueur coffee - in fact we encourage it! We believe your end of evening menu should encompass an offer that leaves everyone with a choice greatly enhancing your opportunity to maximise this very important but often overlooked revenue opportunity.

In fact we find that where we place a DiSotto Dessert Menu, on average our customers see a 30%+ increase in sales from this introduction where there was no dedicated image menu in place previously.

Our Territory Sales Managers are experts in advising those products that offer the greatest appeal in each sector and in advising on layout and even pricing if you require it.

Give the menu service a try and see the significant benefits for yourself.

Terms & Conditions

Deliveries

Deliveries are free of charge, provided the sales office has been given the correct lead time. For delivery schedule please contact the sales office or your representative. Emergency deliveries outside of our normal delivery schedule will be made wherever possible and dependent upon circumstances may be charged at an agreed rate. There is a minimum order value of £150 (plus VAT if applicable).

Product Claims

Damages and shortages must be recorded at the time of delivery. Failure to do so will result in the company refusing any subsequent credit requests in relation to the alleged damages and/or shortages. For shortages a credit note will be raised by the sales office and forwarded by post to the purchaser. For damaged goods a credit note will only be raised once goods have been returned to the depot.

Terms of Payment

Unless a credit account has been established, invoices must be paid on a pro forma basis. Credit terms can be arranged for new customers subject to satisfactory bank and trade references.

Payment for the goods will become due 28 days from the date of the invoice, unless otherwise agreed in writing.

The company shall be entitled to charge interest at the rate equal to 8% per month on all overdue payments.

For the purpose of this condition, time for payment shall be of the essence of the contract.

The purchaser shall not be entitled to withhold or set off payment for goods delivered for any reason whatsoever.

Each delivery of a quantity of goods under this contract shall be deemed to constitute a separate contract which these Terms and Conditions shall apply.

Retention of Title

Notwithstanding delivery of the goods or any part thereof to the purchaser, or any agent on its behalf, the property and the goods shall remain in and be retained by the seller until the purchaser has paid the purchase price in full together with any other payments due to the seller, whether hereunder or in respect of any other liability to the seller whatsoever. In the case of non payment of any sum or sums due from the purchaser to the seller, in respect of the goods or any other goods supplied by the seller, the seller shall be entitled to repossess any such goods and to trace the goods or the proceeds of sale thereof into the hands of any liquidator, receiver or other third party. Notwithstanding the retention of Title Clause contained herein and the fact that Title in the goods remains with the seller until the terms hereof have been satisfied, the goods shall be and are at the buyers risk from the time when delivery is made to the purchaser, or any agent on its behalf, by the seller or its agents.
